# GREASE GUTTER

## ROOFTOP GREASE PROTECTION SYSTEMS

Until Grease Gutter, rooftop grease control products were too difficult to service and proper maintenance was discouraged. Grease Gutter is your **SIMPLE SOLUTION!**

Use **The Original Grease Gutter** with True 360° duct design for low to moderate grease discharge applications. or **The High Capacity Grease Gutter** 360° duct design for use in high grease discharge applications. And **The Grease Gutter Sidekick** Single sided design for applications where the other Grease Gutter units won't fit.
